San Diego Cal.

Dear Sir -

Very satisfied to find, you folks had the time to look into the State and regional organizations, at the convention. To say the least, we're having a tough time, and believe, the National Organization should take steps in some way to offer us help. Of course in our case, State organization, the distances to travel for our meetings is against us. We have one meeting in the North Part of the State, and another in approximately the East Central part, however our attendance is sorely disappointing.

I will await any, and all suggestions you have to offer, and forward same to the President. We are at the point, to try any method for our Spring meeting.

As usual, understand the Convention quite a success, guess I'll have to wait for the 55 meeting at Omaha Nebraska.

A. N. A. 5011 Box 175 Sincerely
A. N. Lanten
